OUR ALMA MATER

We'll walk the halls of this, our school,
Our heads we'll hold up high;
The memories we have . . .
will never die.
Our inspiration be from knowing
one like thee;
So here's to thee, oh, Monroe High,
we pledge our loyalty.

Oh, sing her praises loud and strong,
let all our voices peal;
Oh chant her praises from . . .
the highest hill.
Oh, Alma Mater we, to thee
will ere be true,
A prayer for thee, oh, Monroe High,
may God bless and keep.

SEARCHING is the byword for Mohisco XI
For searching is what we have done through the year.
To search is to question and think.
And Monroe High has become a vital instrument of our search.
A search that encompasses classwork, homework, play and rest . . .
When you learn, you search;
And when you're young — you learn.
This then is the theme of our annual

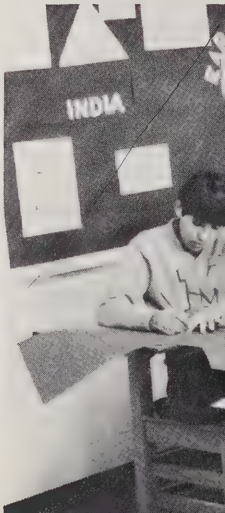
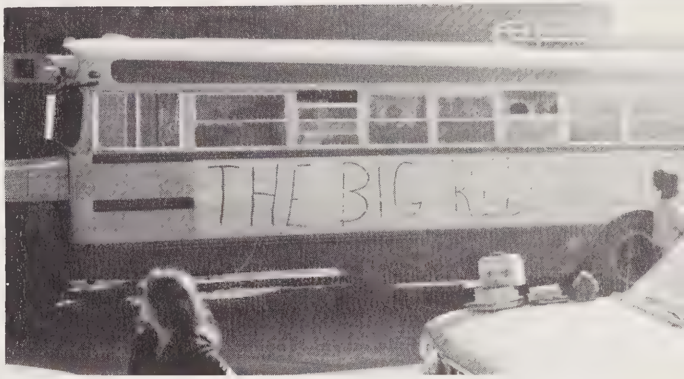
Foreword

This is MOHISCO XI, and there is not another book like it. It is the days of Monroe High School, and there are no other days like them, nor will there ever be.

Don't look for your picture in this book—look for yourself. Witness yourself walk down the hall that you walked down a hundred times. Relive your first five minutes in a French class. Thrill again with the crowd as the "Big Red Machine" scores another touchdown. Imagine the conspicuous swing of a silken tassle above your eye, and know that four years are, after all, only four years.



What are four years after all? Forty-eight months. One twenty-fifth of a century. Two hundred-eight Mondays. Enough time . . . sometimes. But there is never enough time to inquire, to probe, to search, to learn. Time evaporates under the intensity of our aspirations, our laughter, our animation, and leaves us to devise our own means of distilling it for a second taste.



This is the draught drawn by the 1971 class of Monroe High School—MOHISCO XI

Mohisco XI — Dedication

The 1971 MOHISCO is dedicated to MR. B. A. BAUCOM, a great friend of ours who just happens to be a teacher. He has been the ideal teacher because he creates the right atmosphere for learning in the classroom. He shows respect for student opinion, and he is always ready to offer guidance and assurance. His quiet yet warm personality will be one of our fondest memories of our years at Monroe High School.

We like "Buster Aardvark"! He speaks to us in our language and understands us because he is still young himself. Almost any day at break you can find him surrounded by his Algebra III students who always enjoy a conversation with him. When talking with him, we often forget that he's a teacher. His smile creates a feeling of ease among the students. Mr. Baucom has many unique ways of expressing himself as these pictures show.

A SPECIAL TRIBUTE TO SUPERINTENDENT OSCAR W. BROOME

The Mohisco wishes to pay a special tribute to Mr. Oscar W. Broome on his tenth anniversary as superintendent of Monroe City Schools. Public education in Monroe has been given a decade of leadership by a man of courage and conviction, foresight, determination, and energy – courage to accept with enthusiasm and confidence any challenge pertaining to the welfare of his community and conviction to stand firm in his beliefs; foresight in making plans for the best in education; and determination, as well as untiring energy, in fulfilling those plans.

Mr. Broome is responsible for the many and varied activities of a well-run school system with today's problems of expansion, new buildings to meet the needs, total integration, accreditation of all the schools by the State Department of Education and by the Southern Association of Schools and Colleges, and a changing curriculum to meet today's needs.

Monroe is indebted to one who believes in the importance of teaching the use of intellectual tools, which, over the centuries, have proved indispensable in the pursuit of truth; hence, one whose educational philosophy places emphasis on a solid foundation in academics – reading with understanding, mathematics, science and effective communication – as well as good citizenship; a love of God and country; and a desire to perpetuate a heritage of the freedom, hard work, self-discipline, and a concern for the worth of each individual that has made our land great.

During our years at Monroe High School, we have all become acquainted with our principal, Mr. Shive. From the small duties of inspecting school buses and issuing tardy slips to the large tasks of directing wayward students and planning a NCAE convention, Mr. Shive has shown himself to be a very capable and adaptable man.

He has succeeded in winning the respect of all of the students, and we know that was not an easy thing to do. We would like to thank you for your friendship and guidance,

Mr. Shive.

MRS. FRED McCALLUM
Secretary to the

Mr. Underwood relieves Mr. Shive of many of his duties as principal. He aids primarily in matters of attendance and discipline. In the case of Mr. Shive's abser Mr. Underwood takes over. We are very thankful for the job he is doing.

The Language Department at M.H.S. offers courses in English and French. Four years of English are required of all students, but French is an elective primarily of college-bound students. The teachers strive to help students understand the significance of the courses—communication. We wander (wonder?) through the worlds of Dickens, Homer, Shakespeare, O'Neill, and Moliere.

Science is knowledge that is classified and made useful in work, life, and the search for truth. Courses in science better prepare us to answer the question "why?" Under the silled supervision of our instructors, we explore worlds unknown to us. The thrill of scientific study lies in the application of reason and the powers of observation. Time marches on and so does MHS science department with its fine staff.

With an every-increasing ease of transportation and communication, it becomes more important for American citizens to know not only the background of their country, but also the cultures of all countries of the world. Recognizing this need, the Social Studies Department strives to produce responsible, civic-minded citizens. The teachers give students a basic background in the differences between the histories and governments of our countries and other countries of the world.

From the moment we enter Monroe High School, our thoughts are directed to the future. Choosing between a vocation in clothing, business, foods, buying, or retailing is a challenge and a pleasure for us. I.C.T. and D.E. classes instruct students in job interviews, skill development, and general knowledge of the business world. Home economics courses teach students about child care, sewing, and cooking. A choice of a career is difficult, but when we think back, we realize that we chose well.

The library contains a vault of information just waiting for curious students, and the librarians are eager to assist.

When I started working for Women's equality, I just knew this would be part of it.

The entire student body is suspended from the library for two weeks!!

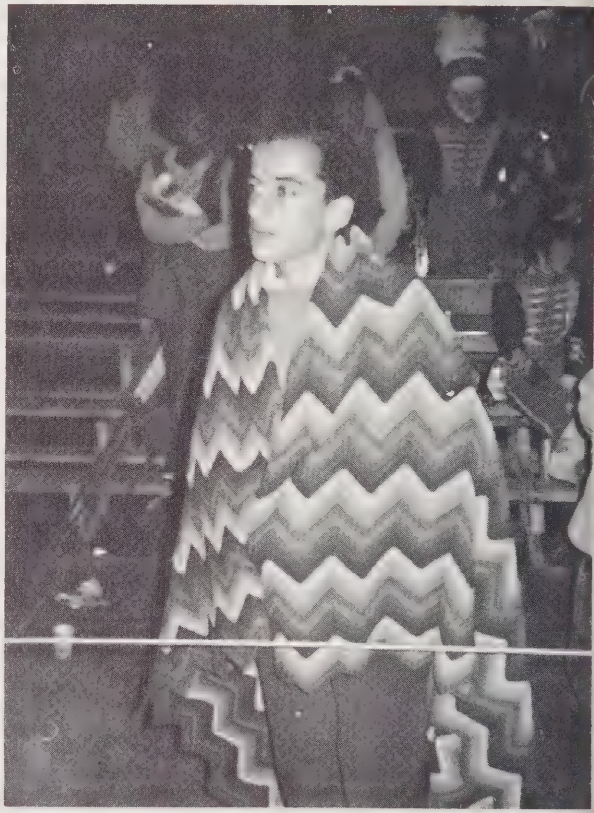
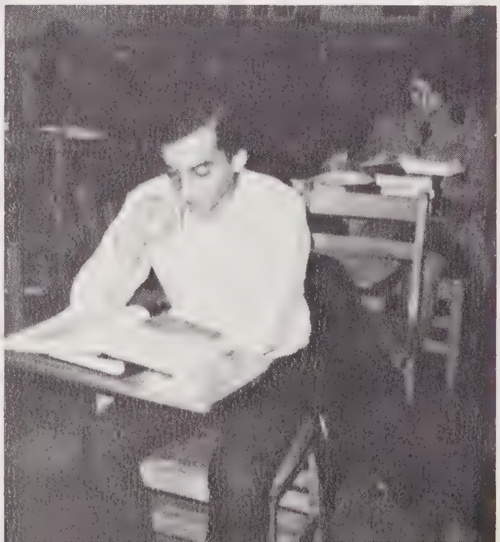
FOREIGN EXCHANGE STUDENT

Luis Yacachury, our foreign exchange student from Mar del Plata, Argentina, is the AFS student for 1970-71. Since his arrival in August, he has been living with the Henry Wests. Luis fits well into the curriculum of our everyday activities. His warm smile and friendly personality wins him friends wherever he goes. We all enjoyed his enthusiasm as he went about learning the different ways and means of the American people. We hope the memories Luis takes back with him to Argentina will be as cherished as ours.



This town isn't big enough for both of us.



The AMERICAN FIELD SERVICE Club is composed of Juniors and Seniors. HOMECOMING 1970

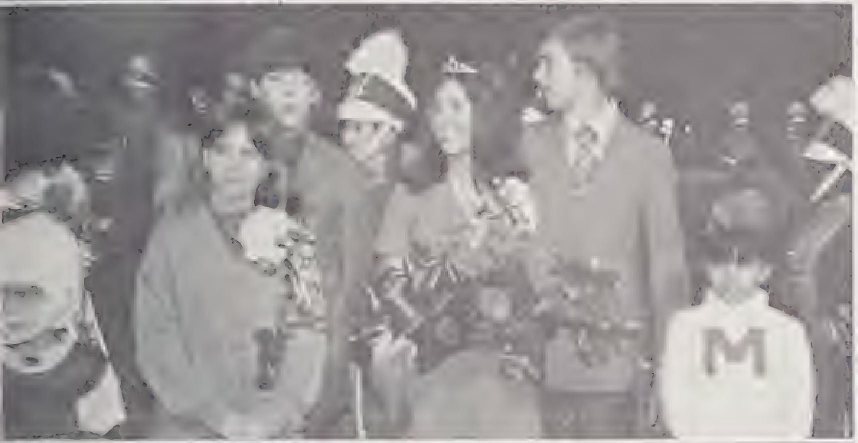
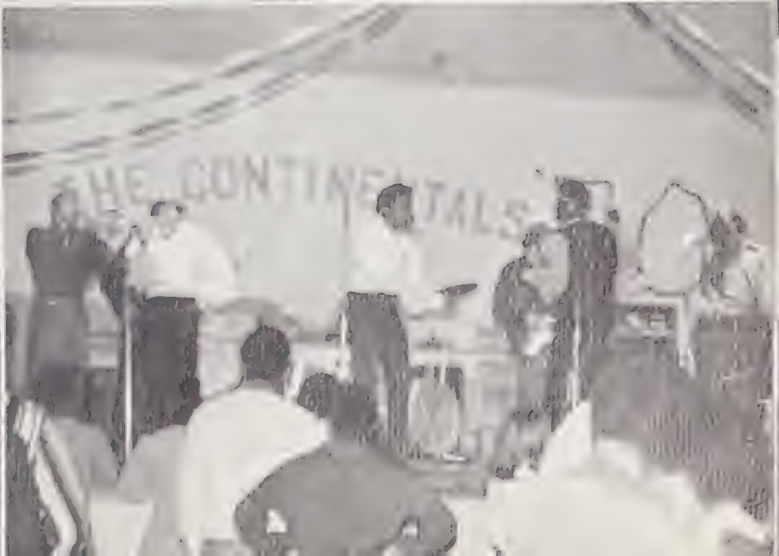
The HOMECOMING DANCE is a MHS specialty. Monroe High had its annual dance on October 23, 1970 downtown at the recreation center. The soul sound of "The Continentals" from Charlotte supplied the music. Student council members provided and served the refreshments. Martha Daniel, crowned at the game, reigned over the dance as the 1970 Homecoming Queen. Rebels Romped over Mt. Pleasant (ROMP) 19 to 7.



This ain't no picnic.



JUNIOR SENIOR 1970

Would you believe she's an English teacher?

Debbie seems to be enjoying the prom.

I can still hear it now!

Come on baby.

The 1970 JUNIOR-SENIOR, the highlight of the Senior year, took place at the Monroe Country Club. The Mardi Gras theme made the dance a festive occasion. The afternoon before, Junior class officers and class representatives left class early to decorate the ballroom.

During the prom multi-colored helium-filled balloons drifted down from the ceiling. The Tassels, a hard rock group from Raleigh, provided music for the couples. Everyone was a king or queen for a night.

Rap on.

Working hard.

Rurrr—

Presentation of the candidates.

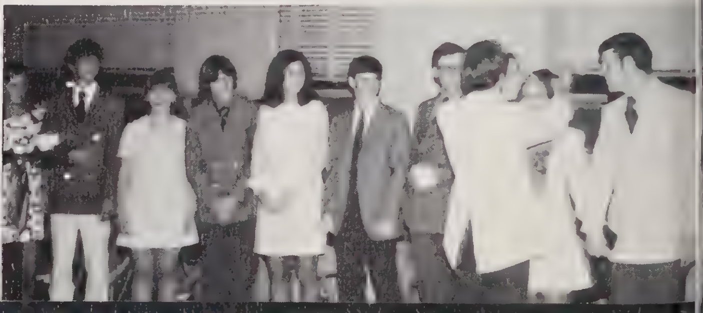
MAY DANCE

The MAY DANCE, an annual festivity sponsored by the National Honor Society, gaily ushered in springtime at MHS. The National Honor Society uses the proceeds to award a scholarship to a deserving senior. The members of the court looked stunning as they were presented the bouquets and blossoms that adorned the stage. A shower failed to dampen the partiers' spirits, but it forced them from the court into the cafeteria. "The Orange" from Winston-Salem rocked the room with music while the couples enjoyed their first dance of the spring. Kathy Johnson reigned over the dance as May Queen.

Follow the yellow brick road.

The 1970 May Court.

Don't hit him!



Valentine Dance

VALENTINE'S DANCE, February 14, 1970 went off without snow for one year running. The Student Council sponsors this project each year to raise money for their gift to the school at graduation. A penny makes a vote. Each class nominates eight girls to run. Gore & the Upsetters provided the musical background for the dance. The highlight of the evening was the crowning of the queen. Celia Black personified Valentine's Day as queen in a red velvet dress, Becky Scott and Karen Griffin, runners' up, were seated in white wrought iron chairs beside the queen. Hearts suspended from the ceiling held garlands of roses to carry out the romantic theme.

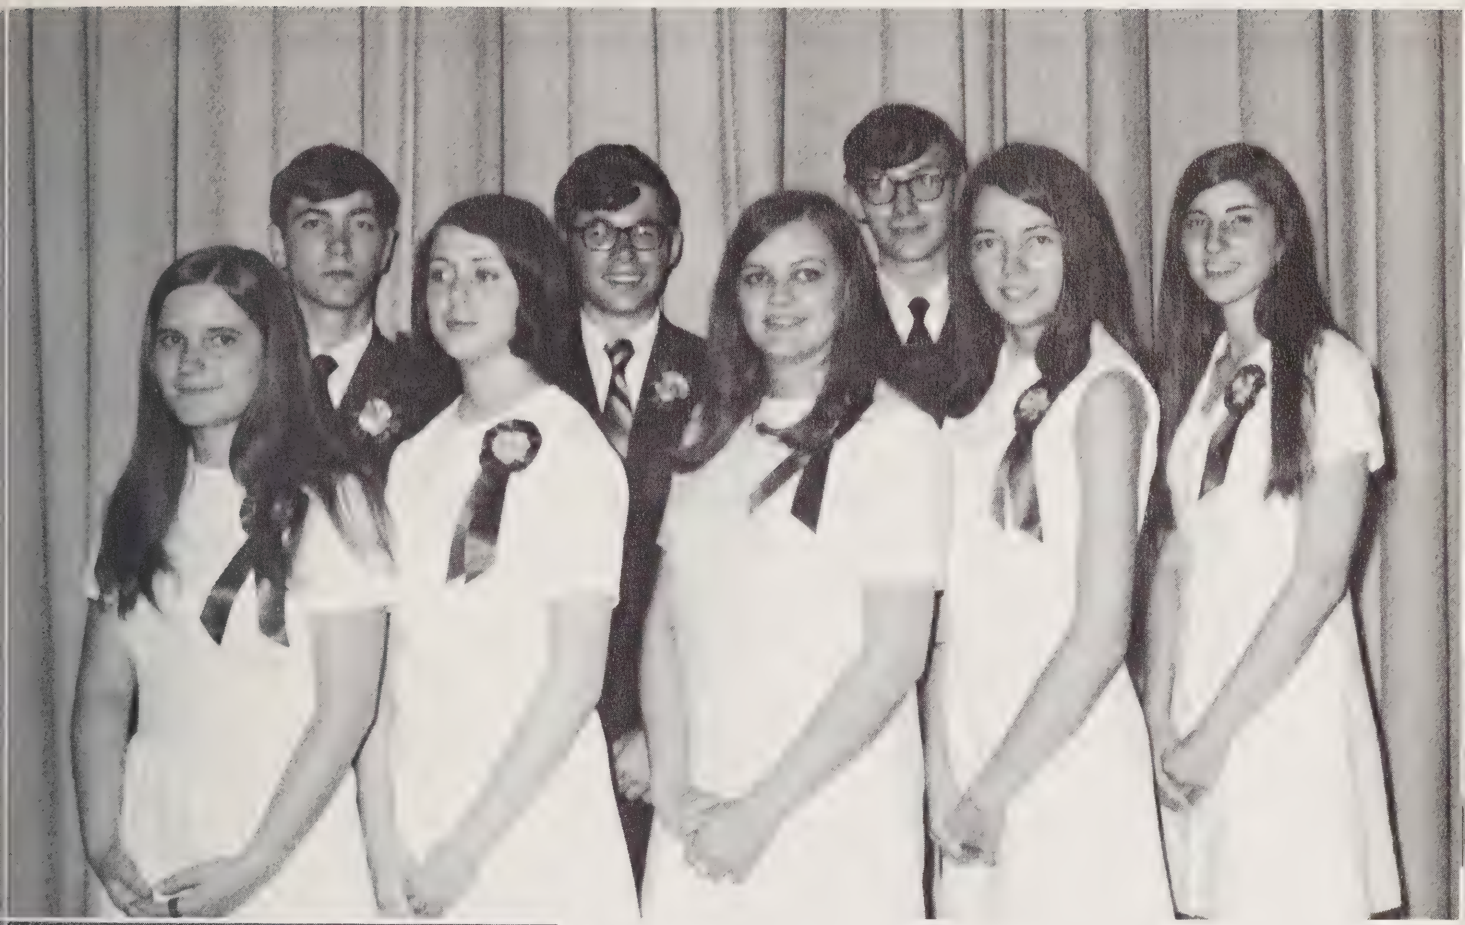
MARSHALS



Jim Long Larry Warren Jim Benton
Bufi Griffin Cherry Gaffney Sandra Gulledge Wanda Hinson Shelly Love

The MARSHALS see to it that graduation exercises move along smoothly. The honor is awarded to the top eight students of the junior class. Don't let their smiles fool you—the honor entails many duties. Flower arrangements, well set stages, heavy boxes of graduation gowns, and broad sighs of relief go into a graduation and are all a part of the marshals' job. Under the direction of Mrs. Linda Hilton they performed their official duties at Baccalaureate Sermon, Awards Day, and Graduation.

TO THE SENIOR CLASS OF 1972:

The Senior Class of 1971 entered Monroe High School four years ago uncertain, bewildered, and unknown. Time has passed all too quickly, and now we find ourselves on the threshold of new adventures. Friendships begun in earlier years have mellowed and strengthened into lasting ties. We take with us our fond memories of happy years, for you shall have your own. We leave to you, Class of '72, the traditions and happiness of these familiar halls. Cherish these years, live them to the fullest, for you, as we, shall never again pass this way.

Marvin relaxes between classes in one of Monroe High's more scenic spots!

BOY—I didn't realize the hall rush was this bad!

Student Life at MHS . . .
